Pequot Village begins week of June 20th

GROUNDS

Landscaping will be in full swing starting in June. Mowing and trimming has already begun. Starting June GHA will have a schedule of mowing and trimming each week at both properties as allowed by weather:

Grasso Garden – Monday and Tuesday
Pequot Village – Wednesday and Thursday

Pequot Village will have a slightly larger dumpster for the top of the village in front of building 70. Some modifications maybe needed to accommodate the larger dumpster. Dumpster will be larger in depth (not height).

GHA has installed at Pequot Village two bike racks to be used for bikes and electric bikes that do not require license plates.

PARKING

GHA is modifying Tenant Handbook section E-10 to allow tenants at PV in building 31 and 35 who have difficulty walking to park near the community room. Those who do not have difficulty walking should park on Village Lane. Per section E-10 only vehicles with a current license plate are allowed to be parked in a parking space or could be subject to towing; including abandoned vehicles.

Subject: Annual Unit Inspection

Beginning Monday, June 27th maintenance will be doing annual unit inspections. During this time storm windows screens will be installed and heat pump filters will be cleaned or replaced.

Maintenance will begin inspections between 9:00AM and 10:00AM starting from the front of the property, building 1 and working their way to the back of the property.

We anticipate it will take approximately 10 - 15 minutes in each unit. I am sorry but we cannot be exact about the day or time we will be at your unit.

Thank you in advance for your cooperation.
